ABOUT SUL LEAGUE	17

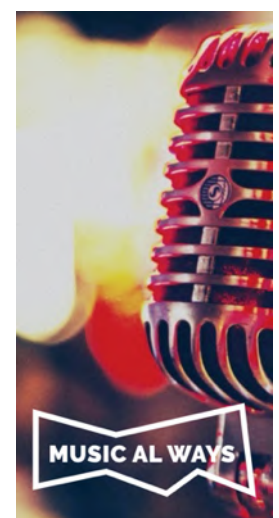

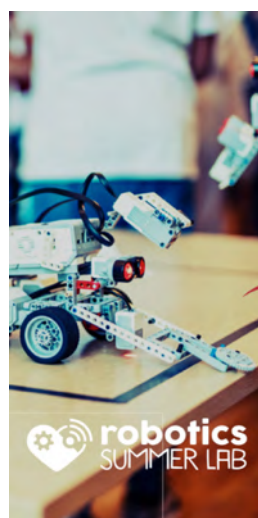

The Amazing Experience at The University of Worcester awaits international junior students, ages 8 and up, offering a genuine taste of England! This exciting program combines immersive English lessons on campus with exhilarating, action-packed activities that bring the learning to life every day.

Located in the heart of historic Worcester, students will enjoy a unique blend of modern learning and rich heritage. Just a short, scenic walk from our City Campus, accessible by footpaths, cycle routes, and public transport, students will be surrounded by the charm and stories of this captivating city.

At the core of the City Campus stands the impressive Georgian building, once the Worcester Royal Infirmary, established in 1771. Here, where the British Medical Association was founded in 1832, students will not only enhance their English but also walk through halls steeped in centuries of history. Since its opening to students in 2010, this iconic building has been a place of knowledge and discovery and a gateway to England's vibrant past and future.

PROGRAMMES AT THE UNIVERSITY OF WORCESTER

Accommodation	 TRAVEL	Birmingham (1 h.), London Heathrow (2-2½ h.)
	  ESSENTIALS	SUL League

SUL's Experience Great Britain programme is more than just an educational trip - it's a journey of personal growth and discovery. With a perfect blend of structured learning and adventurous exploration, students will not only improve their English but also develop independence, confidence, and a deeper appreciation for British culture.

As part of the program, students can choose from three exciting pathways: Debate Club, where they can sharpen their critical thinking and public speaking; British Sports, offering a chance to engage in traditional sports; or Arts and Crafts, where creativity takes centre stage.

Beyond the classroom, students will embark on exciting excursions to some of the UK's most iconic destinations. Visits include the vibrant city of Bristol, known for its rich maritime history and dynamic arts scene; Cardiff, the capital of Wales, famous for its historic castles and modern cultural landmarks; and Lyme Regis, a picturesque coastal town along the Jurassic Coast. And there's more - students will explore even more breath-taking locations across Great Britain, giving them a well-rounded and immersive cultural experience that brings history, nature, and British life into vivid focus.

Hosted at prestigious schools and universities in some of the most scenic and historic parts of the country, students will enjoy top-tier accommodations and excellent facilities. From exploring iconic British landmarks to immersing themselves in local traditions, each day presents new adventures that capture the essence of Great Britain, leaving students with cherished memories and lifelong friendships.

TAKE MOVIE

There's something magical about the phrase, 'They did that in one take.' It conjures images of flawless execution, where every actor, every angle, and every second of the film falls into place with cinematic perfection—or perhaps it's just sheer luck. Either way, it's a moment that captivates audiences!

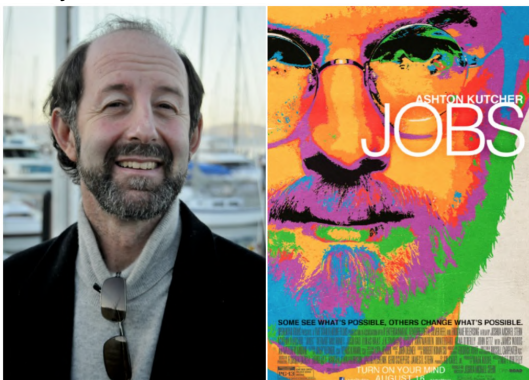

In 2025, SUL will bring that magic to life with our exhilarating 'One Take Movie' program. Designed for aspiring filmmakers aged 12 to 17, this immersive experience offers young creators a rare opportunity to dive headfirst into the world of cinema.

Blending both hands-on practice and essential film theory, students will learn how to work behind the camera, master equipment, and navigate the buzz of a live set, all while gaining a deep understanding of the craft of filmmaking. But the real thrill? By the end of the course, each student will have written, shot, and edited their very own 'One Take Movie', ready for its grand debut on SUL's YouTube channel.

It's more than a course—it's a cinematic adventure where passion meets precision, and the result is a masterpiece captured in just one take!

Programme's ambassadors:

Hollywood Producer - David C. Traub

Hollywood Director - Martin Guigui

Step into the future with our Robotics Summer Lab, where everyday life meets cutting-edge technology in a thrilling adventure of discovery. This extraordinary programme invites young innovators to dive deep into the world of robotics through the lens of our The Amazing Experience Programme.

Collaborating with the renowned Robotics Academy, we've crafted a unique summer experience that blends English learning with hands-on robotics. Perfect for curious minds, this programme empowers students to sharpen their problem-solving skills and explore the fundamentals of programming—all while honing their English language abilities.

Each day, students will have the chance to bring their imagination to life by building their own LEGO robots. These robots won't just sit still—they'll be solving real-world challenges, evolving beyond basic designs as students incorporate advanced concepts and their own creative twists. The possibilities are endless, whether navigating a maze or conquering everyday tasks.

But the excitement doesn't stop there. Each week is packed with action—from exhilarating excursions to thrilling robot challenges. Students will pit their creations against one another in epic battles, tackle obstacle courses, and push their robots to the limit. It's a summer of exploration, creativity, and invention where every child can unleash their inner roboticist.

In cooperation with:

In 2025, our Music Al Ways programme is set to inspire students aged 8 to 17 with a dynamic fusion of English language and music training. We aim to provide an immersive music course designed for international students, equipping them with the skills to join a band or ensemble or even take the stage solo.

At SUL, music isn't just a subject—it's the heartbeat of creativity. We foster an environment where the power of music is ever-present, allowing students to develop their talents while using music as an expressive outlet. Through this journey, students will deepen their appreciation for the unifying power of music across diverse cultures and styles and engage in various musical activities.

In Worcester, our programme takes on an even more unique quality as professional teachers from Rockphonix Music School lead the sessions. Students will have the privilege of learning in the inspiring environment of the Rockphonix School itself, where the vibrant atmosphere nurtures their creativity.

With hands-on activities, interactive warm-ups, and collaborative sessions, our programme invites students to explore music in fresh and exciting ways. Each week, students will showcase their progress through group and solo performances, sharing their musical journey with fellow students. Whether learning new musical techniques or gaining confidence in front of an audience, students will walk away with memories, skills, and experiences that will resonate for years to come.

In cooperation with:

**manga
house**

In 2025, our Amazing Experience programme will see the growth of Manga House - an increasingly popular course that combines English learning with the art of Manga drawing, designed for students aged 8 to 17. If you've ever dreamed of bringing your favourite manga characters to life or creating your own, SUL Education's Manga House is here to make that dream a reality!

This thriving program caters to manga enthusiasts of all levels. Whether you're a complete beginner just starting to explore the world of manga, or an experienced artist looking to refine your technique, Manga House has something for everyone. With guidance from a professional manga artist, students will receive personalized instruction suited to their skill level, ensuring growth and improvement.

Throughout Manga House, students will develop the skills to draw manga characters, explore creative storytelling, and even design an original character of their own. By the end of the course, students will leave with their own portfolio, a manga sketchbook, and a Certificate of Completion to mark their artistic achievements. Additionally, all students' artwork will be featured in SUL's yearly Artbook, a beautiful collection of student creations that will be sent directly to their homes, allowing them to treasure their work for years to come.

Why not join the excitement at Manga House and dive into the ever-growing world of manga, experiencing first-hand the vibrant culture that has captivated fans around the globe?

WELCOME TO THE SUL LEAGUE!

Welcome to the SUL League, a weekly fun competition where earning badges isn't just an accomplishment—it's an Amazing Experience!

These badges are more than just awards; they're a testament to students' dedication, skills, and spirit of teamwork within our vibrant community.

Here's how it works:

The Mission – Join a House, Make History. By completing tasks and challenges, students will score points for their team, pushing them closer to victory in the fierce competition to become the SUL League Champions! As they rack up points, they can also earn SUL badges and prizes! Each SUL badge comes with its unique challenges, but first...

WHICH HOUSE WILL BE YOURS?

Once students are sorted into their House, they will embark on thrilling challenges and activities designed to unlock their potential and allow them to win SUL badges and rewards!

SUL BADGES

SUL Badges are awards students can earn as members of a SUL House. They're not just for show; they represent the hard work and achievements of students as they progress through SUL's Amazing Experience! Each badge is earned by completing a set of requirements, so students should read the rules carefully to make the most of it:
Score Big, Win Big!

TEAM POINTS

As students work towards their SUL badges, every point they score contributes to their team's overall success. It's a thrilling race to see which team can amass the most points, driving everyone to push their limits and excel.

During SUL's Awards Ceremony, held at the end of the week, the team that accumulates the most points will be declared the SUL League Champion, receiving the Goblet of the Sun and an eternal place in SUL's Hall of Champions!

After SUL's Awards Ceremony, all teams' points reset to zero, and a new SUL League begins.

PERSONAL ACHIEVEMENTS

However, the excitement continues beyond team glory. Every point students earn counts towards their personal achievements. This means they're not just star players on their teams; they're also building a stellar reputation for themselves. Each badge they collect brings them one step closer to individual awards and prizes.

During SUL's Awards Ceremony, if a student earns the necessary points, they will be awarded the respective SUL badge(s), and the points relative to that specific badge will reset. Each student can only receive one badge for each category. Points earned after receiving a badge will still count towards the team's weekly results.

If a student comes close to earning a badge, there's no need to worry. Their individual points will only reset to zero every two weeks. However, only the points earned each week will count toward the team's total.
