Discover the ultimate South West of England experience at Shebbear College, an exceptional destination for international junior students aged 8 and above. Our Amazing Experience programmes offer a unique blend of immersive on-campus English lessons and thrilling, action-packed activities beyond the classroom.

Set in the heart of the stunning Devon countryside, Shebbear College boasts an impressive 85-acre campus, offering premium accommodation, top-notch sports facilities, a theatre, and a cutting-edge music centre complete with a recording studio. Just 30 minutes from the coast, students also have the opportunity to enjoy surfing, horse riding, and tennis, making this the perfect environment for both learning and adventure.

Join us for an unforgettable journey where education meets excitement in one of the most picturesque regions of England!

Accommodation	 TRAVEL	London Heathrow (4½ h.), Bristol Airport (2½ h.)
	    ESSENTIALS	SUL League

SUL's Experience Great Britain programme is more than just an educational trip - it's a journey of personal growth and discovery. With a perfect blend of structured learning and adventurous exploration, students will not only improve their English but also develop independence, confidence, and a deeper appreciation for British culture.

As part of the program, students can choose from three exciting pathways: Debate Club, where they can sharpen their critical thinking and public speaking; British Sports, offering a chance to engage in traditional sports; or Arts and Crafts, where creativity takes centre stage.

Beyond the classroom, students will embark on exciting excursions to some of the UK's most iconic destinations. Visits include the vibrant city of Bristol, known for its rich maritime history and dynamic arts scene; Cardiff, the capital of Wales, famous for its historic castles and modern cultural landmarks; and Lyme Regis, a picturesque coastal town along the Jurassic Coast. And there's more - students will explore even more breath-taking locations across Great Britain, giving them a well-rounded and immersive cultural experience that brings history, nature, and British life into vivid focus.

Hosted at prestigious schools and universities in some of the most scenic and historic parts of the country, students will enjoy top-tier accommodations and excellent facilities. From exploring iconic British landmarks to immersing themselves in local traditions, each day presents new adventures that capture the essence of Great Britain, leaving students with cherished memories and lifelong friendships.

1 TAKE MOVIE

There's something magical about the phrase, 'They did that in one take.' It conjures images of flawless execution, where every actor, every angle, and every second of the film falls into place with cinematic perfection—or perhaps it's just sheer luck. Either way, it's a moment that captivates audiences!

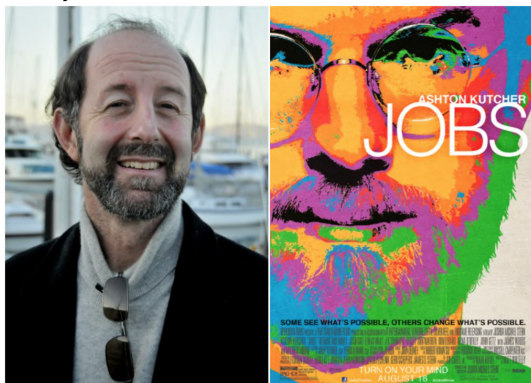

In 2025, SUL will bring that magic to life with our exhilarating 'One Take Movie' program. Designed for aspiring filmmakers aged 12 to 17, this immersive experience offers young creators a rare opportunity to dive headfirst into the world of cinema.

Blending both hands-on practice and essential film theory, students will learn how to work behind the camera, master equipment, and navigate the buzz of a live set, all while gaining a deep understanding of the craft of filmmaking. But the real thrill? By the end of the course, each student will have written, shot, and edited their very own 'One Take Movie', ready for its grand debut on SUL's YouTube channel.

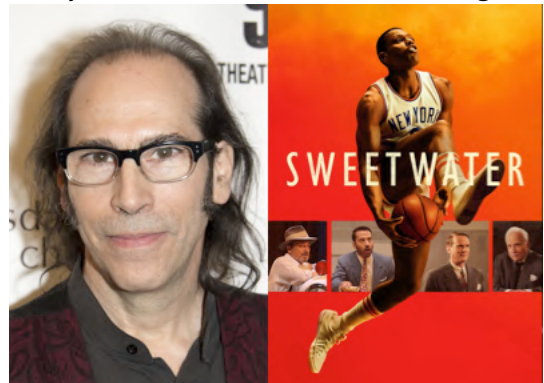

It's more than a course—it's a cinematic adventure where passion meets precision, and the result is a masterpiece captured in just one take!

Programme's ambassadors:

Hollywood Producer - David C. Traub

Hollywood Director - Martin Guigui

Step into the future with our Robotics Summer Lab, where everyday life meets cutting-edge technology in a thrilling adventure of discovery. This extraordinary programme invites young innovators to dive deep into the world of robotics through the lens of our The Amazing Experience Programme.

Collaborating with the renowned Robotics Academy, we've crafted a unique summer experience that blends English learning with hands-on robotics. Perfect for curious minds, this programme empowers students to sharpen their problem-solving skills and explore the fundamentals of programming—all while honing their English language abilities.

Each day, students will have the chance to bring their imagination to life by building their own LEGO robots. These robots won't just sit still—they'll be solving real-world challenges, evolving beyond basic designs as students incorporate advanced concepts and their own creative twists. The possibilities are endless, whether navigating a maze or conquering everyday tasks.

But the excitement doesn't stop there. Each week is packed with action—from exhilarating excursions to thrilling robot challenges. Students will pit their creations against one another in epic battles, tackle obstacle courses, and push their robots to the limit. It's a summer of exploration, creativity, and invention where every child can unleash their inner roboticist.

In cooperation with:

In 2025, our Music Al Ways programme is set to inspire students aged 8 to 17 with a dynamic fusion of English language and music training. We aim to provide an immersive music course designed for international students, equipping them with the skills to join a band or ensemble or even take the stage solo.

At SUL, music isn't just a subject—it's the heartbeat of creativity. We foster an environment where the power of music is ever-present, allowing students to develop their talents while using music as an expressive outlet. Through this journey, students will deepen their appreciation for the unifying power of music across diverse cultures and styles and engage in various musical activities.

With hands-on activities, interactive warm-ups, and collaborative sessions, our programme invites students to explore music in fresh and exciting ways. Each week, students will showcase their progress through group and solo performances, sharing their musical journey with fellow students. Whether learning new musical techniques or gaining confidence in front of an audience, students will walk away with memories, skills, and experiences that will resonate for years to come.

Introducing SUL Surf Camp – the latest wave-riding adventure in our The Amazing Experience series! This dynamic programme is part of SUL's thrilling off-campus activities, and it happens four times a week at North Devon Surf School in Westward Ho, an acclaimed Surfing England Accredited Surf School.

Our surfers follow the Surfing England Junior Surfer scheme, otherwise known as GROM SQUAD, run by a specialised coach and aimed at fast-tracking surfing skills. Whether students are novices eager to catch their first wave or experienced surfers aiming to perfect advanced techniques, this programme has a custom-fit plan for anyone. Alongside mastering the art of surfing, students will dive into vital lessons on ocean safety, marine conservation, equipment care, and environmental stewardship!

The GROM SQUAD scheme progresses through five levels, from Level 1: Catching Waves, where surfers learn about equipment, how to ride a board and how to catch a wave, through to Level 5: Advanced Techniques, learning about good wave selection and confident board skills combined with a solid knowledge of safety and surfing. Students who surf can join at any level, and the programme can be used to prove their competency in surfing coach qualifications and competitions.

Students at any skill level can jump into the programme, which also serves as a valuable credential for surf coaching and competitions. Each participant maintains a Surfing England Logbook, a personal diary of achievements and growth, updated weekly to track progress and set new goals.

Becoming a surfing pro is a journey that requires patience and dedication, but it's also incredibly fun! No matter where you start or how quickly you advance, your commitment to surfing will shine through. Ride the waves with us and become a truly passionate surfer!

HORSEBACK
• ADVENTURES CAMP •

Introducing SUL's New Summer Programme: Horseback Adventures Camp! This exciting new camp is a thrilling addition to our summer offerings, created in cooperation with Shebbear College's own renowned Equestrian School. Horseback Adventures Camp provides a unique opportunity for students to immerse themselves in the world of equestrian sports, guided by the expertise of Shebbear College's unstoppable Equestrian team.

As one of the best in the UK, Shebbear College's Equestrian team consistently excels in competitions, including those hosted by the National Schools Equestrian Association (NSEA). With their wealth of experience and top-tier training facilities, students at Horseback Adventures Camp will benefit from expert instruction and hands-on experience.

Whether students are beginners eager to learn the basics of horseback riding or experienced riders looking to hone their skills, this camp offers tailored instruction to match their level. They'll engage in a variety of activities, from foundational riding techniques to advanced jumping and dressage, all while receiving guidance from skilled instructors.

Beyond riding, students will also delve into the care and management of horses, learning about grooming, tack, and stable duties. Each day promises a mix of riding lessons, stable time, and equestrian-themed activities designed to build confidence, skill, and a deep bond with these majestic animals.

Join us for an unforgettable summer filled with adventure and equestrian excellence. **Experience the thrill of horseback riding and develop your equestrian skills in a setting that's second to none!**

WELCOME TO THE SUL LEAGUE!

Welcome to the SUL League, a weekly fun competition where earning badges isn't just an accomplishment—it's an Amazing Experience!

These badges are more than just awards; they're a testament to students' dedication, skills, and spirit of teamwork within our vibrant community.

Here's how it works:

The Mission – Join a House, Make History. By completing tasks and challenges, students will score points for their team, pushing them closer to victory in the fierce competition to become the SUL League Champions! As they rack up points, they can also earn SUL badges and prizes! Each SUL badge comes with its unique challenges, but first...

WHICH HOUSE WILL BE YOURS?

Once students are sorted into their House, they will embark on thrilling challenges and activities designed to unlock their potential and allow them to win SUL badges and rewards!

SUL BADGES

SUL Badges are awards students can earn as members of a SUL House. They're not just for show; they represent the hard work and achievements of students as they progress through SUL's Amazing Experience! Each badge is earned by completing a set of requirements, so students should read the rules carefully to make the most of it:
Score Big, Win Big!

TEAM POINTS

As students work towards their SUL badges, every point they score contributes to their team's overall success. It's a thrilling race to see which team can amass the most points, driving everyone to push their limits and excel.
During SUL's Awards Ceremony, held at the end of the week, the team that accumulates the most points will be declared the SUL League Champion, receiving the Goblet of the Sun and an eternal place in SUL's Hall of Champions!
After SUL's Awards Ceremony, all teams' points reset to zero, and a new SUL League begins.

PERSONAL ACHIEVEMENTS

However, the excitement continues beyond team glory. Every point students earn counts towards their personal achievements. This means they're not just star players on their teams; they're also building a stellar reputation for themselves. Each badge they collect brings them one step closer to individual awards and prizes.

During SUL's Awards Ceremony, if a student earns the necessary points, they will be awarded the respective SUL badge(s), and the points relative to that specific badge will reset. Each student can only receive one badge for each category. Points earned after receiving a badge will still count towards the team's weekly results.

If a student comes close to earning a badge, there's no need to worry. Their individual points will only reset to zero every two weeks. However, only the points earned each week will count toward the team's total.
