

Fact Sheet

East Coast Edition

2025

NO ORDINARY CAMP..

At CSL Camps East Coast Edition, we don't just teach English—we make it an adventure!

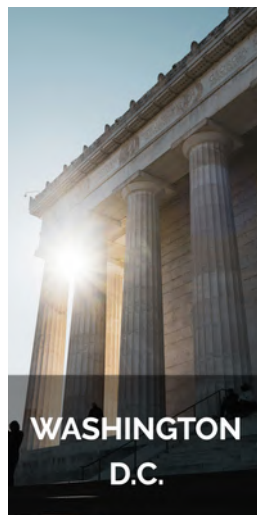

Why settle for a classroom when you can chat with locals in **Times Square**?

Forget traditional English lessons—teamed with **LEGO Education**, we provide Robotics, Business and Digital Magazine classes, to name a few. A Robotics Competition will be held at **Harvard** or **MIT**, where you'll pick up brilliance by osmosis! Need inspiration for your writing? How about drafting your masterpiece while cruising by the **Statue of Liberty**?

Our campers come from every corner of the globe, but they all come for one thing - To dive headfirst into an unforgettable **East Coast immersion**, exclusive visits such as **IMB Cyber Security Lab** where they will learn how to detect and defeat a cyber theft.

So, ditch the ordinary, pack your bags, and get ready to tour **Harvard, MIT, Times Square**, and beyond. This is the East Coast as you've never seen it - full of history, energy, and a whole lot of **WOW!**

EAST COAST LOCATIONS:

At CSL, summer isn't just ordinary — it's downright extraordinary.

We've ditched the usual camp routine and replaced it with English immersion paired with epic adventures. Picture yourself learning English while standing under the Statue of Liberty or soaking in the sunset at the Golden Gate Bridge. Ordinary? Not even close.

Why?

Because we believe travel is the ultimate level-up. It's not just about visiting cool places (although, trust us, there are plenty). It's about diving into new cultures, meeting incredible people, and stepping so far out of your comfort zone, you'll need a map to find your way back.

Buckle Up: The Ride is Half the Fun!

At CSL, we believe every moment is part of the adventure — even the journey itself! Forget dull bus rides; we ensure the road is as exciting as the destination.

Excursions

Climb aboard the trusty school bus, where our counselors double as tour guides and entertainers. Expect a fun-filled ride with stories, cool facts, and insider knowledge about the unique places we're headed. When we arrive, you'll be ready to dive right in and make the most of the adventure!

Long-Distance Travel

When it's time to cover some serious ground, our comfy motorized coach is ready to roll. With plenty of space for your luggage (and those must-have travel snacks), you can sit back, relax, and enjoy the ride. Whether you're napping, chatting, or snapping pictures, the journey will be smooth sailing (well, smooth driving).

Redefine the Way You Explore, Learn, and Journey!

At CSL, we don't just travel — we turn every trip into a memorable part of your summer. So, sit tight, grab your headphones (or join in on the bus games), and get ready for an adventure that starts when the wheels start turning!

"Oh the places you'll go"

WE BELIEVE IN EXPERIENCES THROUGH TRAVELING

At CSL, students **will gain valuable experience** as they are immersed in a different city each week. Our programs alternate between study focused days exploration days where they learn the historical significance of different iconic sites and landmarks that each place has to offer.

Dorm Life: Welcome to Your New Home!

At CSL, we're all about giving you the full college experience. That's why you'll be living in real college and university dorms — just like a true student. Get ready for a taste of independence and a sneak peek into what academic life is really like!

Room Sweet Room

You'll bunk up in double or triple occupancy dorms, and the setups are as diverse as the adventures you'll have! From rooms with ensuite bathrooms to communal setups, or even apartment-style dorms with full kitchens — you'll have everything you need, including a stove for those late-night snack experiments.

Explore Your Space!

Curious about where you'll be staying? Check out the photos of the dorms from our university partners — it's more than just a place to sleep; it's where memories are made!

IT'S MORE THAN A ROOM; IT'S A WHOLE EXPERIENCE.

This version adds a fun, engaging twist while keeping the focus on the authentic dorm living experience. Does this hit the right vibe for you?

MORE ABOUT OUR ACCOMMODATION

Step into the future with our Robotics Summer Lab, where everyday life meets cutting-edge technology in a thrilling adventure of discovery. This extraordinary programme invites young innovators to dive deep into the world of robotics, through the lens of our The Amazing Experience Programme.

In collaboration with the renowned Robotics Academy, we've crafted a unique summer experience that blends English learning with hands-on robotics. Perfect for curious minds, this programme empowers students to sharpen their problem-solving skills and explore the fundamentals of programming—all while honing their English language abilities.

Each day, students will have the chance to bring their imagination to life by building their own LEGO robots. These robots won't just sit still—they'll be solving real-world challenges, evolving beyond basic designs as students incorporate advanced concepts and their own creative twists. Whether it's navigating a maze or conquering everyday tasks, the possibilities are endless.

But the excitement doesn't stop there. Each week is packed with action—from exhilarating excursions to thrilling robot challenges. Students will pit their creations against one another in epic battles, tackle obstacle courses, and push their robots to the limit. It's a summer of exploration, creativity, and invention, where every child can unleash their inner roboticist.

In cooperation with:

OUR STAFF

Our staff goes beyond professionalism; they're passionate visionaries, crafting memorable, enjoyable learning experiences that make education both fun and unforgettable.

Teacher Manager
Ana Maria Conti

An accomplished expert with a degree in International Relations and holds the prestigious CELTA certification from Cambridge. Beyond her role as a successful entrepreneur, she serves as a dedicated tutor for English teachers and excels as a translator for international companies across India, Turkey, and the United States.

Teacher
Leah Van Blarcom

Leah, a distinguished native English speaker, boasts a remarkable 30-year teaching career. Serving as the Pedagogical Coordinator for CNA, she excels in teacher training, FCE preparation, and private tutoring. Leah's expertise lies in Colloquial and Business English, making her an invaluable asset.

Teacher
Gilbert Munos

A professional with a background in teaching English as a second language at Bohanon School, USA. He holds a Master Degree in Education from California State University - East Bay. Gil has traveled to more than 30 countries, 3 of which (Russia, Turkey and Mexico) he lived in to teach English to high schoolers. Gilbert is an American native but he is also fluent in Russian and Spanish.

June 21	Workshop	Bowling or Movie Night	
June 22	Workshop	Workshop Presentation/ Certificate Distribution	Packing
June 23	Departure Day		

“You can reach the sky if you are motivated”

WE BELIEVE IN KEEPING STUDENTS MOTIVATED

We have built a **motivation system** where students compete as a team in different houses to get pins and stamps to win prizes. They earn points in **5 categories**:

Participation, Kindness, Excursion, Being CSL, and Creativeness.

Participation – Recognizing those who dive into every game, activity, and event with energy and enthusiasm!

Kindness – Celebrating moments of compassion, inclusion, and support toward others.

Excursion – Special pins for exceptional involvement and teamwork during excursions, workshops, trivia, and more!

Being CSL – Awarding actions that make CSL an amazing place to be — whether through positive vibes, team spirit, or a welcoming attitude.

Creativeness – Honoring unique ideas, creative thinking, and innovative problem-solving with a special "spirit pin."

WELCOME TO THE CSL LEAGUE!

Welcome to the CSL League, a weekly fun competition where earning badges isn't just an accomplishment—it's an Amazing Experience!

These badges are more than just awards; they're a testament to students' dedication, skills, and spirit of teamwork within our vibrant community.

Here's how it works:

The Mission – Join a House, Make History. By completing tasks and challenges, students will score points for their team, pushing them closer to victory in the fierce competition to become the CSL League Champions! As they rack up points, they can also earn CSL badges and prizes! Each CSL badge comes with its unique challenges, but first..

WHICH HOUSE WILL BE YOURS?

Once you're sorted into your House, you'll embark on thrilling challenges and activities designed to unlock your potential and give you the opportunity to win CSL badges and rewards!

CSL BADGES

CSL Badges are awards you can earn as a member of a CSL House. They're not just for show: they represent your hard work and achievements as you walk through CSL's amazing experience! Each badge is earned by completing a set of requirements, so read the rules carefully to take the most of it: Score Big, Win Big!

TEAM POINTS

As you work towards your CSL badges, every point you score every point you score contributes to your team's overall success. It's a thrilling race to see which team can amass the most points, driving everyone to push their limits and excel. During CSL's Awards Ceremony, held at the end of the week, the team which harnessed more points will be declared the CSL League Champion, receiving the Goblet of the Sun and an eternal place in CSL's Hall of Champions! After CSL's Awards Ceremony, all team's points reset to zero, and a new CSL League begins.

PERSONAL ACHIEVEMENTS

However, the excitement doesn't stop at team glory. Every point you earn also counts towards your personal achievements. This means you're not just a star player on your team: you're also building a stellar reputation for yourself. Each badge you collect brings you one step closer to individual awards and prizes. During CSL's Awards Ceremony, if you earn the necessary points, you'll get awarded with the respective CSL badge(s) and the points relative to that specific badge will reset. You can only receive one badge for each category. Points received after receiving a badge will still count under your team's weekly results. In case you got close to earning a badge, don't worry, your individual points will only reset to zero every 2 weeks. However, only the points earned in each week will count for your team's total.

05 Our packages
